09 October 2018	Calstock, St Andrew's Church	Bells.	£2,500

09 October 2018	Landulph	<ul style="list-style-type: none"> • Replace the lead roof to the tower, and small access tower to the roof, and the perimeter lead gutter. • Repair cracks in parapet stonework and roof access tower. • Renew door to the access tower. • Remove perimeter flashings and renew • Renew the sarking boarding beneath the lead and replace any rotting timbers. • Provide a tower hoist to get materials up and down from the roof. • Provide temporary safety railing around the perimeter parapet. • Repair/replace cast iron rainwater pipe at North end of tower. 	£5,500
09 October 2018	Lelant, St Uny	<p>Serious problems with the floor, part of which is already unusable. So far, we have raised approximately two thirds of the £ 141,000 (plus VAT) needed for this urgent work. We have already raised money for, and repaired, the tower. The bell frame is being repaired this autumn but funds received for this would enable us to progress our money raising for the floor being repaired this autumn.</p> <p>(Also we have no disabled access nor internal toilets, and no facilities that could be uses by the wider community. The associated charities with whom you co-operate may be willing to give a grant towards our plans to install these.)</p>	£5,000
09 October 2018	Withiel. St Clements	Maintenance Grant	£1,000
25 June 2018	Zennor	<p>Due to corrosion over the last 90 years, the bell frame is in a dangerous condition and the bells can no longer be rung. The bells need some restorative work.</p> <p>Bell frame and bells to be removed from the tower.</p> <p>Bell frame to be rebuilt.</p> <p>Bell fittings to be restored and old timber fittings replaced.</p> <p>Bell wheels to be refurbished.</p> <p>Bells to be re-tuned.</p>	£7,500
25 June 2018	St. Michael's Perranporth	<p>Our objective with this project is to upgrade our seriously outdated heating system. The current electric heaters are over 40 years old and are now in need or removal, replacement with a more efficient up to date heating system. The PCC has decided that an under floor system would greatly improve our carbon footprint and at the same time help us to reduce our energy costs</p>	£1,000
25 June 2018	North Petherwin, St Paternus	<p>For viewing work, cut out corroded Polyphant stone, make and re-fit with N H L 3.5 and coarse sand. Mortar to be analysed by the Cornish Lime Company.</p> <p>To drill and fit Cin Tec sock anchors to arch 24 number, 12 each side to a depth of 850 and 1,200 mm.</p>	£500

25 June 2018	St Just-in-Penwith Parish Church	<p>The roof was thought to have last been fully replaced in 1866 when the original waggon style roof was replaced with new Deal timbers and slates. We are looking to:</p> <p>Complete re-roofing of the church utilising Cornish slates Re-leading main valleys to ensure compliance with current guidelines and best practice. Carpentry works and repairs related to the above using traditional techniques, materials and methods Ceiling repairs using lath and lime plaster Masonry repairs to strengthen wall heads etc. Overhauling rainwater goods and low level drainage to ensure water is able to be taken effectively from the main body of the church. Removal of defective and unsafe chimney which is leaning heavily and in need of urgent attention and repair. Re-pointing works to remove defective pointing and inappropriate cement based mortars.</p>	£13,500
25 June 2018	St Ewe	<ol style="list-style-type: none"> 1. Urgent work to cure dampness in Spire by removing cement based mortar and re-pointing with Lime. 2. To address structural weakness in Spire resulting from Bell Frame main supports corroding 	£13,500
25 June 2018	Blisland, St Protus and St Hyacinth	<p>The vestry is an add-on in the 17th century we believe. The doorway is some three feet deep. The supporting beams have rotted through due to the pointing of the outer wall and doorway having been eroded due to weather. We need to replace like with like wooden beams and re-plaster internally and re-point outside. We also need to repair the door to the vestry.</p>	£2,000
23 March 2018	Zion Community Church,	<ol style="list-style-type: none"> 1. Improving the fire safety of our facilities, in accordance with the actions of a Rand Survey conducted in 2015. 2. Improving our presence in the town through necessary maintenance. 3. Making our facilities more disabled and family friendly. 	£2,100
23 March 2018	Lelant, St Uny	<p>The restoration of the tower and bell chamber including lifting the lead, the renewal of roof and floor timbers, the rebuilding and strengthening of parapets and the replacement of broken downpipes.
